Aging and Disability Services Division

Samantha Jayme MSW, HPM3

Department of Health and Human Services

Helping people. It's who we are and what we do.

Objectives

This presentation demonstrates the outcomes reported on referrals, caseload, waitlist, and program type by the Autism Treatment Assistance Program (ATAP) which are current through October 31, 2023.

ATAP Caseload

Monthly caseload for October 2023

- 92 new applications
- 1017 active children, average age: 8.7 years old
- 32 total inactive children:
 - 23 Straight ATAP – Average age of 5.7 years old
 - 9 Service Coordination
- Average wait time for all ATAP children (*days from application start date to the date the child drops or becomes active*):
 - 41 Days

ATAP Caseload Growth

The chart above demonstrates the active caseload and waitlist averages over time. These numbers are derived from the CLEO report.

This data includes children in referral status.

Waitlist Elimination Progress

ATAP Waitlist

November 2022 - October 2023

The graph above shows the monthly waitlist as occurred from November 2022 through October 2023.

Trend in Total Wait Time

Average Total Wait Time in Days - Straight ATAP

November 2022 - October 2023

The graph above demonstrates the average number of days waiting for children who are “Pending” or “In Process” to become either “Active” or “Dropped” in the program.

**Wait time average includes all time child spent from application start date until they were either Dropped or went Active.*

*** Please note, no new referrals are included in these averages, a change from previous presentations.*

Trend in Wait Time (Referral to Eligible)

Average Wait Time (Referral to Eligible) in Days - Straight ATAP

November 2022 - October 2023

The graph above demonstrates the average number of days waiting for children from “Pending” until they are “In Process”.

**Wait time average includes all time child spent from application start date until they were deemed Eligible..*

*** Please note, no new referrals are included in these averages, a change from previous presentations.*

Trend in Total Wait Time (Eligible to Active)

Average Wait Time (Eligible to Active) in Days - Straight ATAP

November 2022 - October 2023

The graph above demonstrates the average number of days waiting for children from “In Process” to become either “Active” or “Dropped” in the program.

**Wait time average includes all time child spent from Pending start date until they were either Dropped or went Active.*

*** Please note, no new referrals are included in these averages, a change from previous presentations.*

New Referrals

New Referrals

November 2022 - October 2023

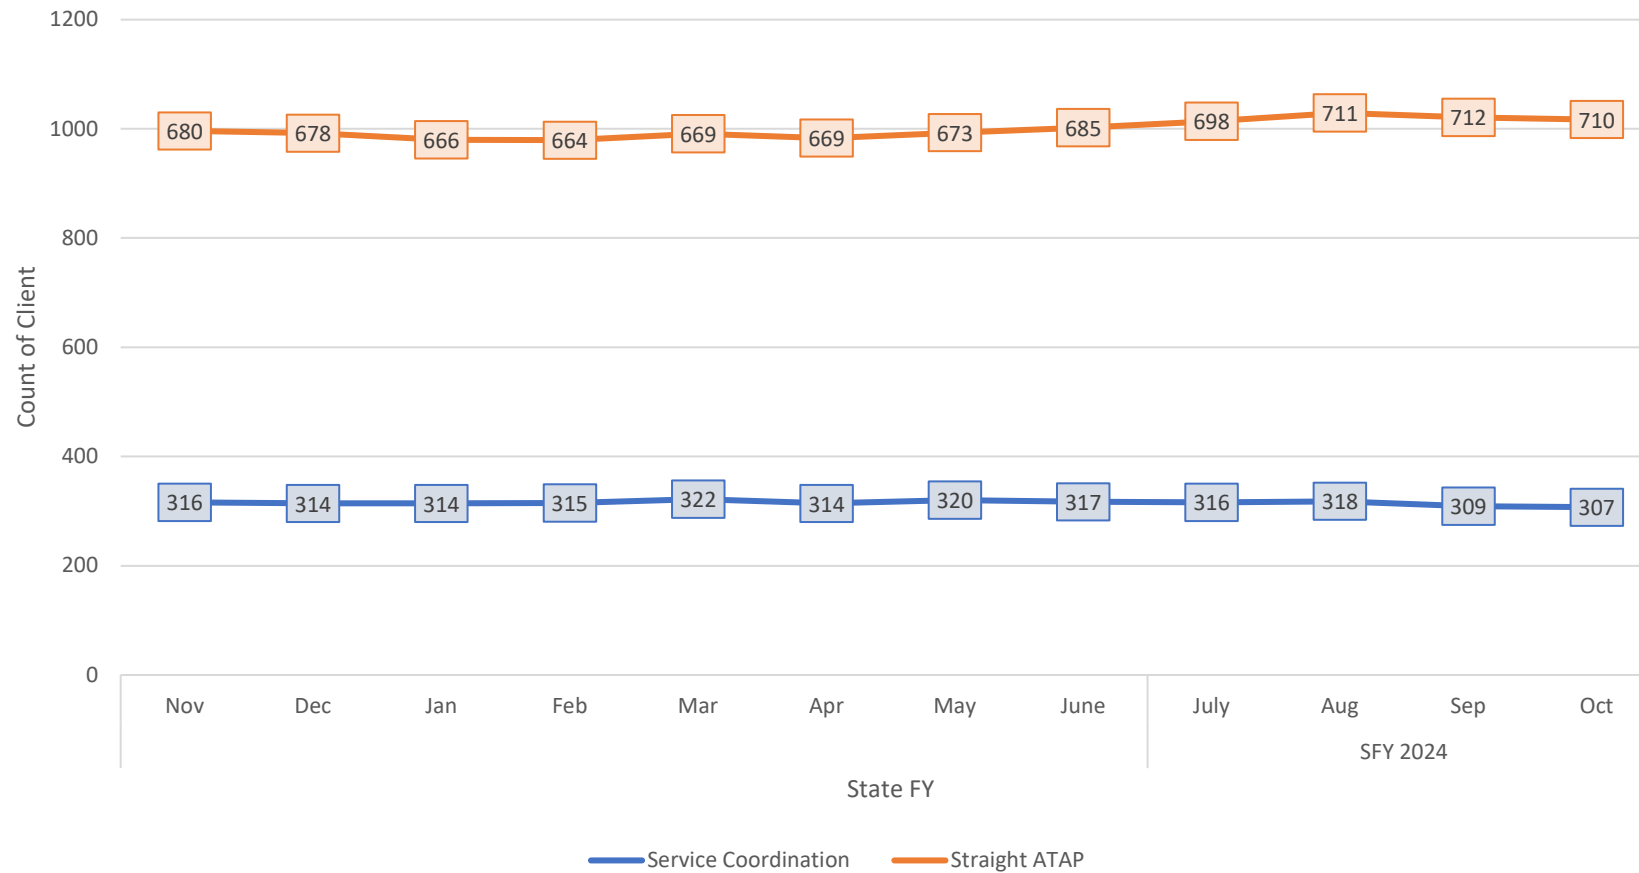

The chart above demonstrates the number of new referrals entering the ATAP system.

Straight ATAP & Service Coordination

Straight ATAP & Service Coordination

November 2022- October 2023

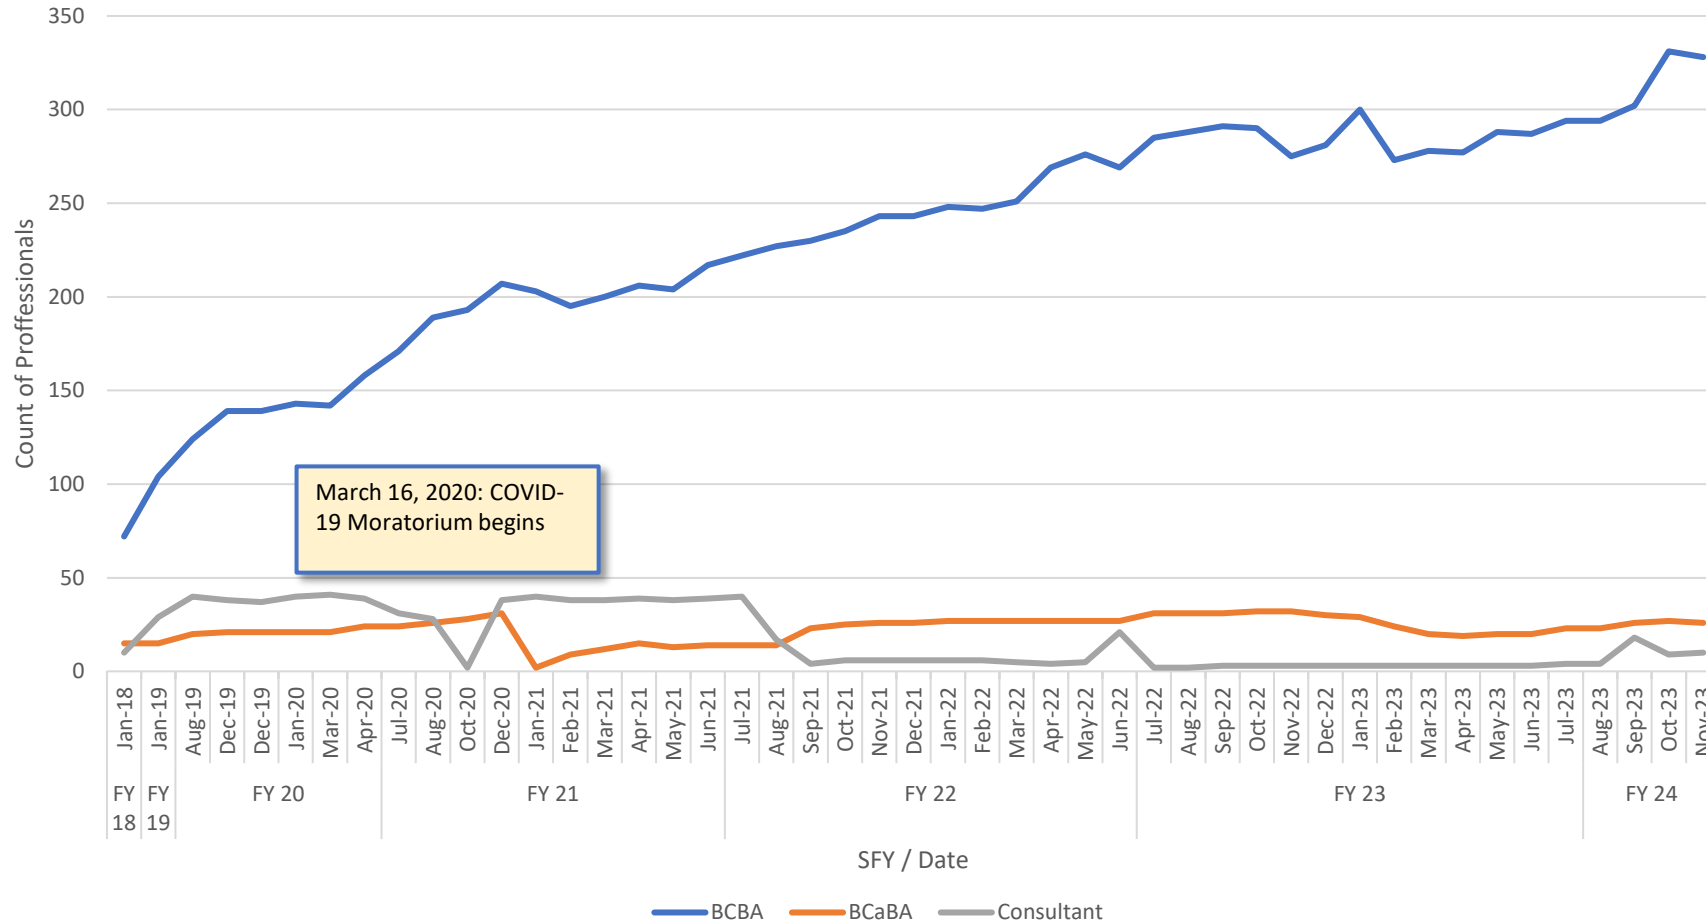

This chart shows the comparison between Straight ATAP and Medicaid Caseload (Service Coordination).

Professional Growth – BCBA Level

Trend in Professional Service Providers

January 2018 - November 2023

The chart above shows the trend in growth of professional service providers.

In March 2020, a moratorium was placed on face-to-face services due to the pandemic COVID-19. Decreases may be related to the Governor’s directive to shut down all non-essential businesses and engage in social distancing.

Paraprofessional Growth – RBT Level

Trend in Registered Behavior Technicians

January 2018 - November 2023

The chart above shows the trend in growth of Registered Behavior Technicians.

**RBT decrease in early 2023 may be due to RBTs not renewing at the start of biennium.*

***In March 2020, a moratorium was placed on face-to-face services due to the pandemic COVID-19. Decreases may be related to the Governor’s directive to shut down all non-essential businesses and engage in social distancing.*

Status of Active Providers

As of October 31, 2023

Active Children with an ATAP Provider

Plan Type	Count of CLIENT ID
