

**REOPENING PLAN SUPPORTS AND  
CONSIDERATIONS FOR STUDENTS  
WITH SPECIAL EDUCATION SERVICES**

Washoe County School District

# REOPENING MODELS

- The district offers 3 models for students returning to school:
  - In-person
  - Hybrid
  - Distance learning
- All special education students' families have the option to choose to attend school every school day.
- All district special education teachers received additional professional learning support on implementing IEPs through all 3 reopening models, in-person, hybrid and distance Learning

## SPECIALLY DESIGNED INSTRUCTION

- Educational activities will address all specially designed instruction identified through the IEP process and will be provided in conjunction with general education programming, whether in-person, hybrid, or distance learning models.

SELF  
CONTAINED  
PROGRAMING

- For students receiving special education services through self-contained programs, such as Comprehensive Life Skills and Strategies, who choose to attend school on a hybrid model or participate in distance learning, the curriculum has been adapted to be delivered via distance learning and educators have been trained in this instructional model.

## RELATED SERVICE

- Related services are provided within the in-person, hybrid and distance models. Families that selected the distance model do have the option for related services to be provided in-person.

## POSITIVE BEHAVIOR SUPPORTS

### Special Education Return to Classroom Guidance

Work with families to prepare students for social distancing, wearing a face mask or shield before school started

Hand washing, wearing a face mask/shield and social distancing supports within the class environment and school task analysis pictures, photos within visual schedules, pre teaching, social stories/ narratives, video modeling, specific verbal praise and providing tokens and/or points
