*"Other" Reasons for M-Chat Failure include but are not limited to: Communication, Physical, Environment, Lack of Opportunity, Prematurity, Sensory, Hearing, Vision, Low Cognition

**Data with count of children diagnosed during the quarter was provided directly by individual programs

***Data with count of children diagnosed during the quarter was provided directly by individual programs. Data for count of children diagnosed prior to the quarter was obtained from TRAC-IV using Crystal Reports. Data for count of children actively served during quarter was obtained from TRAC-IV using Crystal Reports. Those data include children who have Exited with IFSP but would have been active during the quarter.
