

## Assignments for next subcommittee on community education meeting

Art Reitz, Michelle Scott-Lewing and Vanessa Knots will be gathering information on all the providers in Northern and Rural Nevada. We will compile the information into a booklet of providers for Northern and Rural NV. Please use the FEAT's provider booklet as your guide.

Casey Hayden will be working with Art, in compiling a curriculum for medical professionals in autism awareness based on Art's first responder training curriculum. Casey if you could look into continuing education for the medical professional as well and what we need to do to get our trainings approved for credit. Julie Ostrovsky knows what the continuing ed for medical professionals is, you could contact her for questions there.

Carol and Jennifer will be sending copies of the FEAT/UNLV provider booklet to Art, Michelle and Vanessa. Any information on printing costs of the provider booklet to Art would be helpful as well. Carol I can't remember if I asked you to do anything else, but if I did let me know.

Denise will be looking into PSA for Radio, TV and billboard costs. Stephanie Hill is investigating the possibility to have the high school graphics departments have a contest in creating our PSA.

Julie is our go to commission lady, she knows everything.

If I forgot anything please let me know. I like to recap assignments for my benefit and for yours.

Please refer to the minutes if I have forgotten anything as well. Please feel free to call and/or email me questions.

**YOU GUYS ARE GREAT!!!!!!**
