

On behalf of the Commission on Aging's Legislative Sub-Committee, thank you for your interest in inviting your legislator(s) to visit your facility, prior to the start of the 2015 Legislative Session. We hope that these events will educate legislators about older adult services, increase awareness of the issues affecting those you serve and create an opportunity for ongoing dialogue during the session.

To facilitate your efforts, we have prepared the attached materials:

- Event planning checklist
- Sample format for invitation
- Stationery for invitation with Legislative Sub-Committee logo (to which your agency logo can be added)
- *Elder Issues in Nevada* (Legislative Sub-Committee's position paper)

The members of the CoA Legislative Sub-Committee are available to provide support in the planning process and on the day of the event. We request that once the date is set, you share that information so that we can schedule a Legislative Sub-Committee member and aging representative (AARP, Silver Haired Legislative Forum and ADSD) to attend.

Thank you, in advance, for your efforts to participate in this important initiative to highlight the needs of Nevada's older adults and organizations who positively impact their lives. As you begin planning your event, please contact one of us listed below, so that we can offer our assistance.

Sincerely,

Jeffrey Klein, Chair      (702) 648-3425, [jklein@nevadaseniorservices.org](mailto:jklein@nevadaseniorservices.org)
