- IV. **Presentation, Discussion and Possible Recommendations on the Governor's Taskforce on Integrated Employment (For Possible Action)**

- Seven Work Groups/ Subcommittees
- Focus Areas of Task Force Strategic Plan

Sherry Manning, Department of Health and Human Services
LaVonne Brooks, High Sierra Industries, Inc. Washoe Ability Resource Center

Mechelle Merrill, Rehabilitation Division, DETR

Mr. Patchett stated that several CSPD members were also members of the Governor's Taskforce on Integrated Employment. The Taskforce went through a seven month process preparing a strategic plan that would set a goal for competitive employment for persons with intellectual disabilities. The Governor asked the CSPD to complete the follow through and oversight of the plan.

Ms. Merrill's presentation about the Taskforce and the seven workgroups is a high-level overview; there is more detailed information available online. Steps taken toward integrated employment in Nevada started through the Business Leadership Network in 2007, the 2010 Employment Policy Summit, post-summit workgroups, SELN in Nevada, WCSD community- based career exploration summer camps, and the Employment First Ad Hoc Committee that lead to Executive Order 2014-16 creating the Governor's Taskforce on Integrated Employment. Ms. Merrill read through her presentation on the focus areas of the Taskforce strategic plan and the Work groups (Attachment A). The transition is being handed to the CSPD, which has been identified as the entity to house and lead the workgroups in defining and implementing the report.

Ms. Manning shared with the Commission some resources available such as a grant for technical assistance. The DD Council, as a part of their five year state plan, has already pre-awarded ADSD \$45,000 toward the advancement on

integrated employment. Ms. Manning will have more information for the Commission once the award letter is available.

Mr. Patchett added that the Commission should also be actively looking for any grant sources.

The Taskforce committee made a determination to create seven workgroups that are responsible for reporting on the goals that have been established. Members of the taskforce have already made some determinations on who will be sitting on those workgroups. It is then the responsibility of the full commission to follow through with and regulate the smaller workgroups.

Attachment B is the list of individuals already assigned to each working group.

Each group will consist of:

- 5-8 members
- 1 chairperson
- At least 1 member of the CSPD

Ms. Hendren made a suggestion about phasing different committees in at different times. There are two main critical areas that are on the three year strategic plan.

- Once those workgroups start meeting, the other groups can build off of their progress:
- Professional Development, Transportation, and Employer Engagement, Development, and Support
- All meetings will be Open Meeting Law compliant and use ADSD staff

Ms. Merrill clarified that the reason some workgroups are a more immediate than others because of their complexity, how quickly their goals could be accomplished, and how achievable they are in a short term. There are also strategies related to each goal that has been provided by the Taskforce.

Mr. Sasser made a motion that the CSPD accept the task requested by the Governor to oversee the process for the Integrated Employment Strategic Plan and adopt seven subcommittees that report to the Commission which will include one Commission member to each group. The Commission may also make changes to the plan if necessary.

Ms. Bryant and Mr. Osti both seconded the motion, motion passes unanimously.

CSPD member's workgroup assignments as of August 17th:

Resource Development and Sustainability: James Osti, David Daviton, Ed Guthrie (Non Commission member)

Collaboration and Coordination: Brian Patchett

Professional Development: Nicole Schomberg

Transportation: Mary Bryant

Employment Engagement, Development and Support: Brian Patchett, Shelley Hendren and David Daviton, Ed Guthrie (Non Commission member)

Government as a Leader and Model Employer: Jon Sasser, Bill Heavilin, Tracy Brown (Non Commission member)

Early and Timely School Assessment and Planning for Transitions:
Karen Taycher, Gary Olsen and Santa Perez (Non Commission member).

Mr. Sasser suggested community outreach to individuals and families who would be interested in becoming members of the seven workgroups.
Any suggestions of other memberships, including from community outreach, should be sent to ADSD staff.

Updates on the Governor's Taskforce on Integrated Employment workgroups will be a standing agenda item. Mr. Patchett asked that each workgroup decide and update the Commission on who will be the committee chairperson, what initial steps will be taken to meet their goals and be prepared with measurable outcomes.

V. Update and Overview, Including Any Recommendations for Further Action
On Legislative Issues (For Possible Action)

Brian Patchett, Commission Chairperson

Ms. Berntson suggested the Developmental Services under ADSD give a presentation on AB307 at a future meeting.
- AB 310- Did not receive a hearing in at the Legislature. The language from 310 was put into the Appropriation Act, which allows Medicaid to move forward with the managed care for individuals with disabilities. It

IX. Public Comment (May Include General Announcements by Commissioners) (No action may be taken upon a matter raised under public comment period unless the matter itself has been specifically included on an agenda as an action item. Members of the public may comment on matters not appearing on this agenda or may offer comment on specific agenda items. Comments may be discussed by the Board but no action may be taken. The matter may be placed on a future agenda for action)

Ms. Brown commented that Opportunity Village has some concerns about the proposed definition of competitive integrated employment in the report from the Governor's Taskforce may jeopardize over 150 jobs for people with intellectual

disabilities that are currently employed at Opportunity Village; through the Ability One program and the State's Preferred Purchase program. Currently the Taskforce's definition of Integrated is: working with employees who are not disabled. The definition is based on the proposed regulations for section 5-11 of WIOA. Opportunity Village believes that those regulations do not reflect the Congressional intent of the language of the law. It does not state in WIOA that individuals with disabilities have to be working with individuals who are not disabled. Opportunity Village has examples of individuals working on an integrated work crew. An example is the work team at Nellis Air Force Base made up of individuals with disabilities serving non-disabled men and women meals every day. With the ability to word smith the working definition of integrated, it would still be possible to preserve the 150 jobs Opportunity Village currently has for folks earning living wages and have full benefit packages.

Mr. Sasser asked who will have the legal authority in Nevada to decide what the definition will be.

Ms. Hendren stated the state would take the direction from WIOA. Currently the way it defines integrated is; interacting with other in the workplace, not coworkers. VR is waiting for regulations to come out.

Mr. Sasser would like to add a standing agenda item for ADSD caseload numbers.

Ms. Kincaid commented that her daughter has been waiting for the Home and Community Based Waiver for over 400 days; she would like to see more information on those caseload numbers.
