INTRODUCTION

MISSION, VALUES AND GUIDING PRINCIPLES

Mission

The Taskforce mission is to develop and implement a sustainable system for individuals with intellectual and developmental disabilities (IDD) to achieve competitive, integrated employment in the setting of their choice.

Values

We believe:

1. Employment is a win/win for everybody.
2. Our job is to increase opportunities and decrease barriers in providing support.
3. All individuals, schools, families and businesses must raise their expectations.
4. People will be hired because of their ability not because they have a disability.
5. People are healthier, safer and happiest with meaningful work of their choosing.

Guiding Principles

Nevada is making integrated employment happen by:

Changing Expectations: Everyone can contribute and participate in meaningful and competitive employment.

Strengthening Partnerships: Agencies and programs work toward the same outcome and work effectively with each other.

Promoting Choice: Individuals have the right to informed choice through community experience.

Embracing Diversity: Respect and support people of all color, gender, and disability.

Valuing Efficiency: Strive to meet the needs of our community, economy, employers, and workers.

Ensuring Quality: Continually monitor the education, training, employment services, and consumer satisfaction.
