Comprehensive Geriatrics Assessment

This is the window to all our services. It includes:

- Medical review
- Psychosocial review
- Cognitive review
- Medication review
- Care plan with recommendations

Specialists / programs

As needed, patients are referred to:

- Chronic Care Management
- Tele-Dementia Care
- Social Work Counseling
- Tele-Psychiatry
- Occupational, Physical and Speech Therapy
- Primary care provider, if needed

About us: We are a statewide group of organizations ensuring Nevada elders have access to a wide range of telehealth services from the convenience and safety of their homes.

To request services: Visit nevada211.org/aging-and-disability-services or call 211 from any phone.

Join us: If your practice would like to provide services through the Nevada Geriatrics Telehealth Collaborative, call (775) 784-4774 or email sanford@unr.edu.

The Nevada Geriatrics
Telehealth Collaborative is
part of Nevada COVID-19
Aging Network (Nevada CAN).

Together Nevada CAN support your independence.

Support for the Nevada Geriatrics Telehealth Collaborative is provided by a grant from the Nevada Aging and Disability Services Division.
