Dear Ms. Leef,

We are pleased to submit the *Nevada Aging and Disability Resource Center 5-Year Strategic Plan*. The plan outlines the Aging and Disability Services Division's dedication to establish Aging and Disability Resource Centers (ADRC) statewide. The plan outlines activities for the next five years, April 1, 2011 through September 30, 2016, as a means to develop increased partnerships, continued quality program evaluation and methods for sustainability for Nevada's ADRC Program. The plan is intended to be a working document and is structured so that the appendices can be utilized as stand-alone documents.

The Division continues to explore innovative ways of working with partners to bring information and access to services to Nevada's Elders, Persons with Disabilities, Caregivers and persons planning for their long-term future support needs.

The Aging and Disability Services Division staff possess a commitment to promoting independence, personal choice and dignity of Nevadans by fostering their access to community living. This plan is one tool to achieve this worthy obligation.

Sincerely,

Handwritten signature of Carol A. Sala in cursive.
