

Data Hub:

Demographics- Would like to be able to mix and match categories to run reports on these:

Name of business or organization

Disability services provided and how many consumers served

Counties served in Nevada

Waitlist (yes or no)?

Services requested (whether provided or not)

Consumer demographics (how many women, men, children, aged 60+; race/ethnicity; types of disabilities served; and if the consumer has a personal independent living plan/where, if yes)

Other Section:

Partner community board (to share needs, important info and consumer anecdotes, etc.)
