

2021-2023 State Plan Outline

Goal 1: Improve Access to Independent Living Supports and Services.

Objective 1A: Provide support for new community services and services with the highest need throughout the State.

Objective 1B: Provide support to the Centers for Independent Living for new and ongoing services.

Goal 2: Improve Awareness of Independent Living Network and Philosophy.

Objective 2A: Establish a statewide, unified Independent Living message and a formal presentation to be offered to our network of partners.

Objective 2B: Collaborate with community partners regarding legislative issues for disability and IL philosophy education and outreach.

Objective 2C: Develop a youth presence in the IL Network.

Objective 2D: Utilize the new Nevada SILC website to promote the IL Philosophy and share IL news on a monthly basis.

Goal 3: Improve the Effectiveness and Efficiency of the Independent Living Network.

Objective 3A: SILC members and Executive Team will attend trainings and conferences to improve processes.

Objective 3B: The SILC will develop a resource development plan.

Objective 1A Indicators:

- Fund at least one competitive subgrant for services needed each year. – Grantees will provide the SILC with a quarterly report.
- Provide ongoing support for the State-funded Independent Living Program. – IL Program Progress report will be shared annually or more often if services and/or service providers change.

Objective 1B Indicators:

- Provide supplemental funding for proposed and approved services. – CILs will provide a bi-annual report to the SILC for all supported activities and annually for all other notable CIL activities throughout the year.
- The IL Network will collaborate with community partners to facilitate a plan for disaster and emergency preparation statewide during the second year.

Objective 2A Indicators:

- The SILC will create a presentation that encompasses a unified IL message by the end of the first year.
- The SILC will provide this presentation to the network of partners by the end of the second year.
- The SILC will present this as a training at National Conference Workshops during the third year.

Objective 2B Indicators:

- The SILC will establish formal collaborations with the Commission on Services for Persons with Disabilities and the Governor's Council on Developmental Disabilities to address education and outreach regarding disability legislation issues in Nevada by the end of the first year.

Objective 2C Indicators:

- Add policies that incorporate youth involvement in Council activities, including defining SILC youth membership by the end of the first year.
- Establish at least one youth scholarship program that allows at least one youth to attend APRIL each year.
- Collaborate with the CILs to establish youth participation in IL activities within the IL Network by the end of the third year.

Objective 2D Indicators:

- The website will be updated monthly with news and new information regarding IL.
- The website will be used to promote IL Services throughout the State by advertising partners and providing educational articles and links to resources on our platform.

Objective 3A Indicators:

- All new SILC members will attend at least one SILC Congress to learn member roles and responsibilities during their first term.

- The SILC Chair and Executive Director will attend at least one conference workshop or training, bringing a summary report back to the full Council.

Objective 3B Indicators:

- The Nevada SILC will research other SILCs' resource development plans and compile a list of ideas to adopt based on feasibility in the first year.
- A resource development plan will be completed and ready to be implemented by the end of the current SPIL, utilizing consultants and/or a contracted expert to assist in achieving an optimal result.
- The SILC will continuously evaluate the data collected in the newly established data hub to improve the quality of the data parameters and increase community partner participation by at least 20% each year to build strong community ties and more shared resources.
