Re: NABA Public Policy Committee Statement
Date: January 13th, 2021

Good morning everyone.

My name is Molly Halligan. I am currently functioning as the chair of the Nevada Association for Behavior Analysts Public Policy Committee.

At this time, we are currently in touch with Senator Gansert. We are discussing the best options to address some of the concerns brought up at previous ABA Board meetings related to barriers to consumer protection.

Next month, we will also be reaching out to Division leadership in the coming days to discuss how to coordinate our efforts.

Our Public Policy Committee continues to discuss strategy with industry experts at both the Behavior Analysis Certification Board and the Association of Professional Behavior Analysts.

Thank you so much for letting us be here and we continue to look forward to working with the ABA Board in the future.
