Autism Treatment Assistance Program (ATAP)

Samantha Jayme MSW, HPM3

As of 1/31/2022

2/16/2022

Helping people. It's who we are and what we do.

Objectives

This presentation demonstrates the outcomes reported on referrals, caseload, waitlist, and program type by the Autism Treatment and Assistance Program (ATAP) which are current through January 31, 2022.

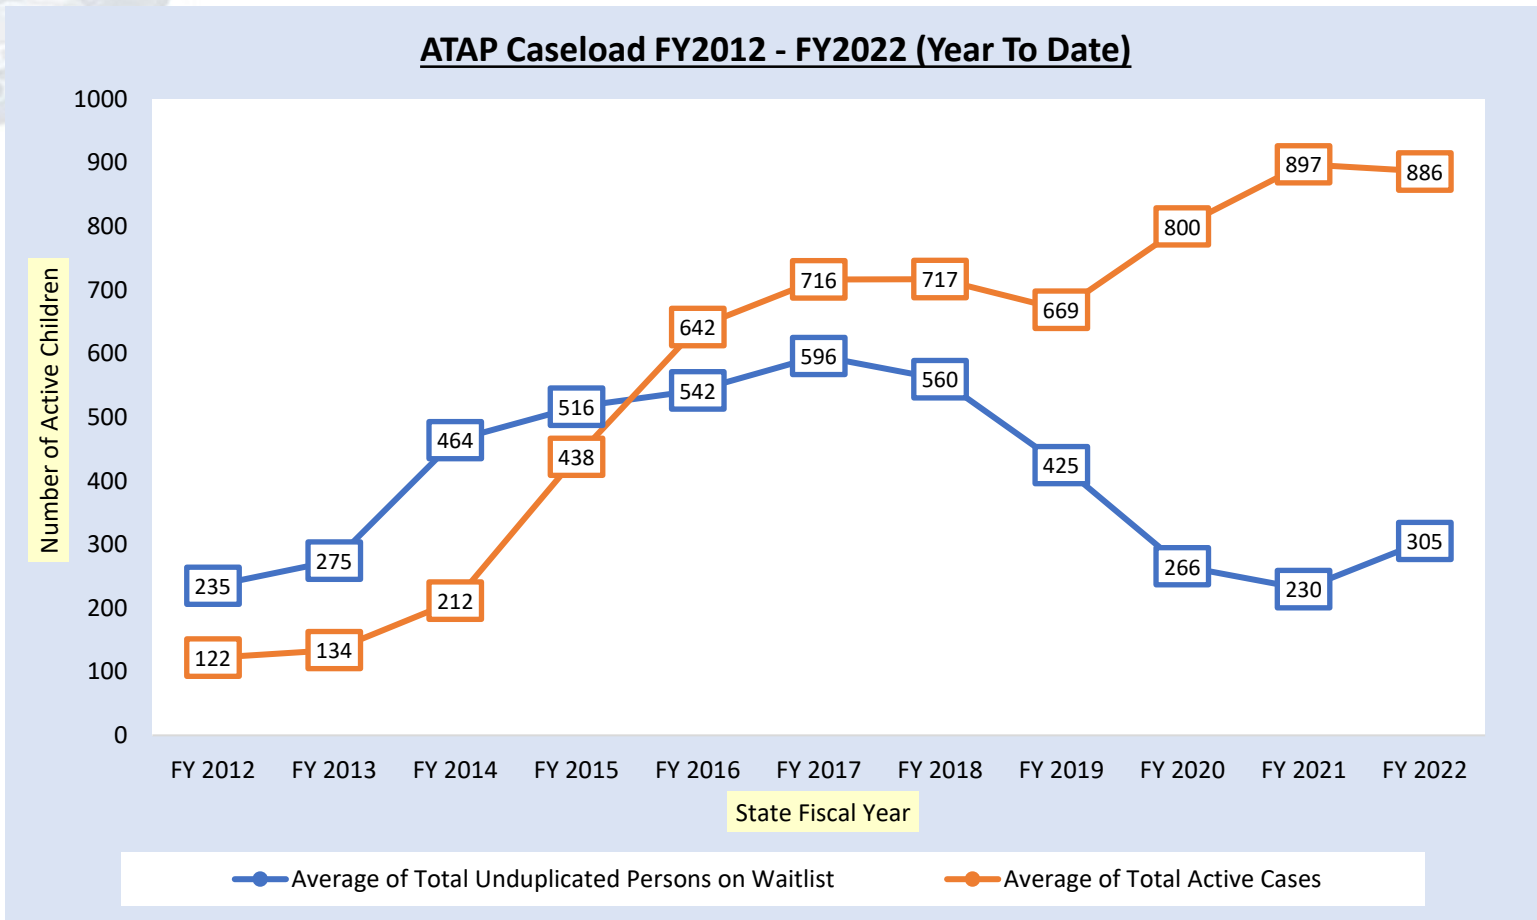

ATAP Caseload

Monthly caseload for January 2022

- 83 new applications
- 941 active children, average age: 9 years old
- 76 total inactive children:
 - 63 Straight ATAP – Average age of 5.5 years old
 - 13 Service Coordination – Average age of 7.7 years old
- Average wait time for all ATAP children (*days from application start date to the date the child drops or becomes active*):
 - 93 Days

ATAP Caseload Growth

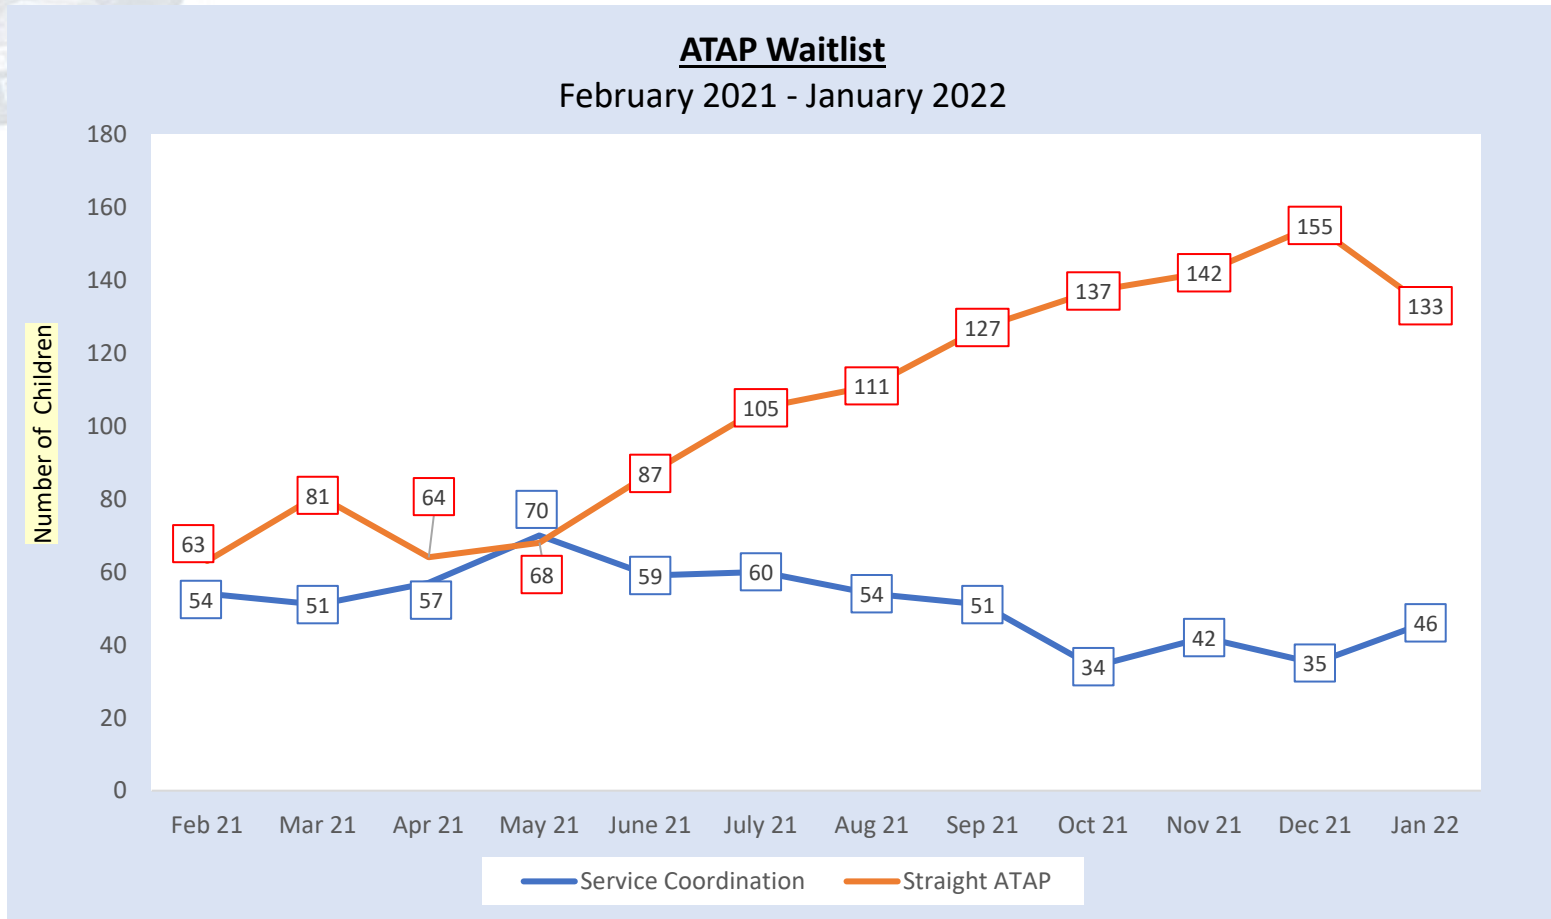

The chart above demonstrates the active caseload and waitlist averages over time. These numbers are derived from the CLEO report.

This data includes children in referral status.

Waitlist Elimination Progress

The graph above shows the monthly waitlist as occurred from February 2021 through January 2022.

Trend in Wait Time

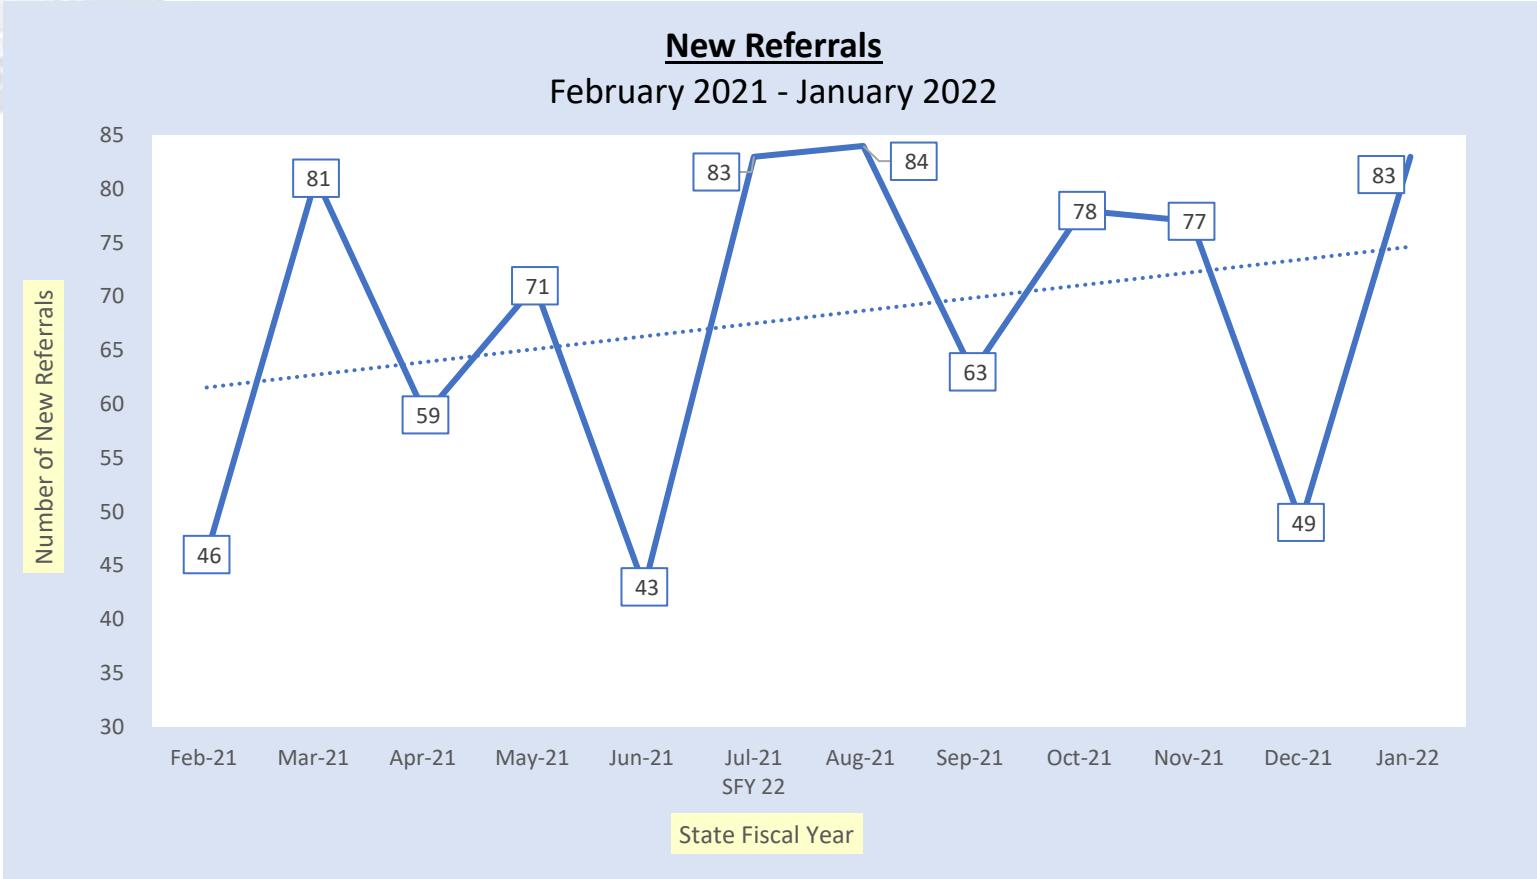

The graph above demonstrates the average number of days waiting for children who are “Pending” or “In Process” to become either “Active” or “Dropped” in the program.

**Wait time average includes all time child spent from application start date until they were either Dropped or went Active.*

*** Please note, no new referrals are included in these averages, a change from previous presentations.*

New Referrals

The chart above demonstrates the number of new referrals entering the ATAP system.

Straight ATAP & Service Coordination

This chart shows the comparison between Straight ATAP and Medicaid Caseload (Service Coordination).

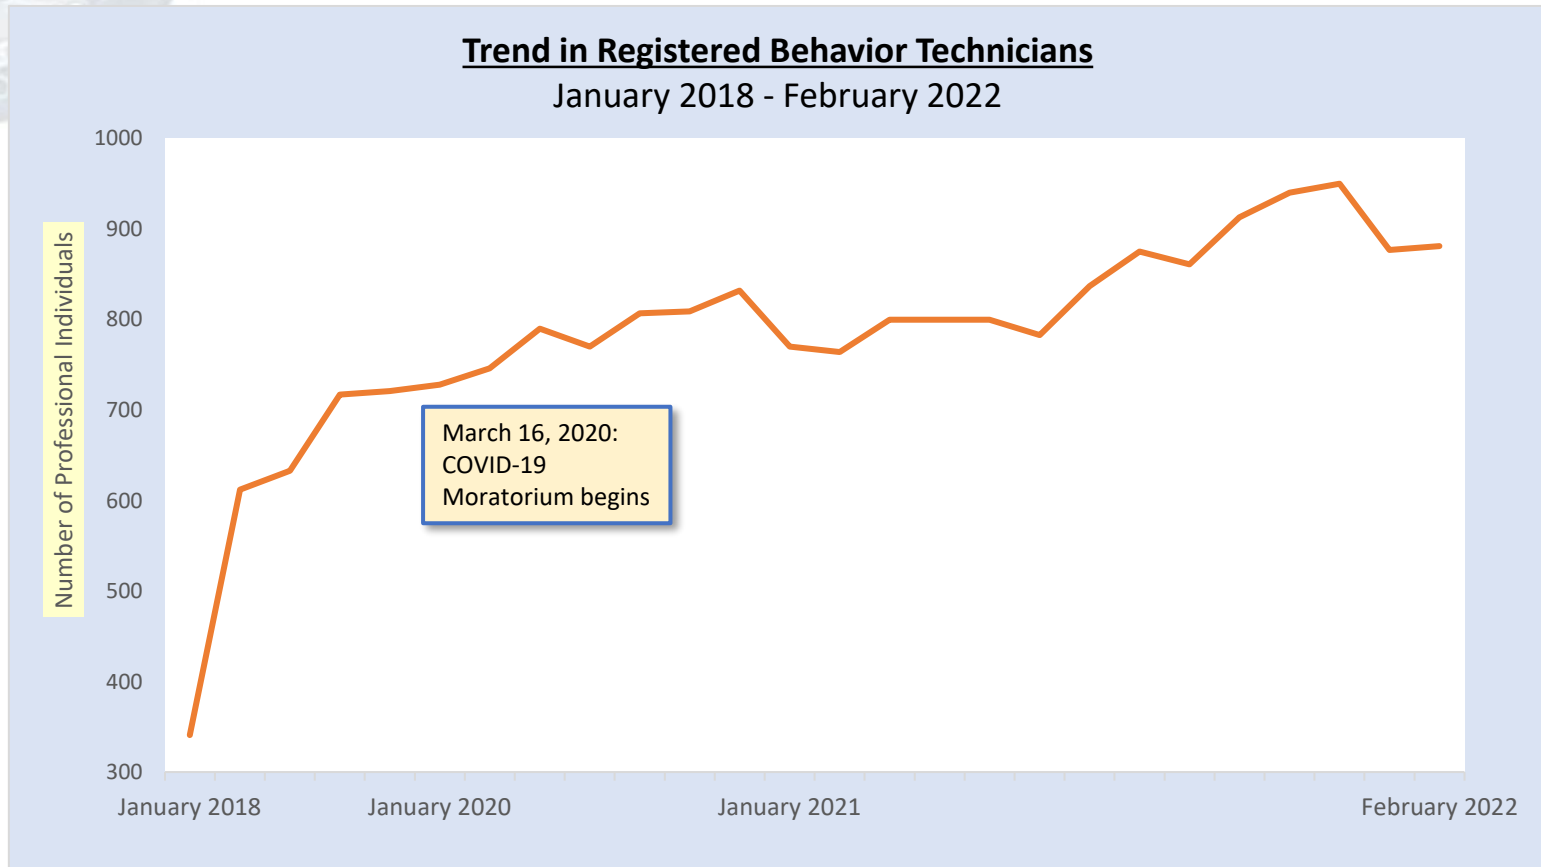

Professional Growth – BCBA Level

The chart above shows the trend in growth of professional service providers.

In March 2020, a moratorium was placed on face-to-face services due to the pandemic COVID-19. Decreases may be related to the Governor’s directive to shut down all non-essential businesses and engage in social distancing.

Paraprofessional Growth – RBT Level

The chart above shows the trend in growth of Registered Behavior Technicians.

**In March 2020, a moratorium was placed on face-to-face services due to the pandemic COVID-19. Decreases may be related to the Governor's directive to shut down all non-essential businesses and engage in social distancing.*

Status of Active Providers

As of January 31, 2022

Active Children with an ATAP Provider

ATAP Plan Type	Active Children
