

427A BDR

427A.872:

Strike age cap throughout

427A.875:

Strike age cap throughout

Replacement of treatment with affirming techniques throughout

Add new section 2h reflective of the need for adequate funding, systemic capacity, and increased collaboration between Programs

Remember existing section 2h

Replace the requirement in section concerning Policy approval to reflect mandatory responsiveness to official requests centered around Letter-based issues

427A.878:

Strike age cap throughout

Adding the words collaboratively using in section 1e

Restatement of 875 proposed new section 2h

Replacement of treatment with affirming techniques throughout

427A.8801:

Add the words at least/minimum throughout section 1

Add words to the effect of and are therefore not considered for the purposes of a quorum count in section 2

Add up to two additional times per person in section 3

Add clarity centered around unexpired terms to the extent that total service should not exceed a fixed period of pro rata time, the amount of which should be discussed

Replace Governor with Commission in section 6

Note: The disposition of the quorum issue could also be moved to section 7

427A.8802:

Remove Governor's call capabilities requirement in section 1

Replace may with shall in section 2, with freedom for the Commission to discuss the subjects of the subcommittees

Consider fixing additional interim reporting periods in section 4c
