Nicole Muhoberak: Early Intervention Services (EIS), Aging and Disability Services Division (ADSD), and Autism Treatment Assistance Program (ATAP) were recognized by the county during the Joint Interim Standing Committee on Health and Human Services on June 10th, for preventing out of home placement, especially for children with Autism Spectrum Disorder.

Abbie Chalupnik on behalf of Steven Cohen: Additional Bill Draft Requests (BDR)s of potential interest to the Commission. He feels that the Deputy Attorney Generals (DAG)s' requirement that all BDRs must be listed on the meeting agenda is unreasonable due to how fast the legislative session moves, and it is easy to miss opportunities for testimony. He suggested that ADSD establish a singular Board and Commission Legislative Committee with non-appointed members permissible not only to seat, but to lead as well, the duplication of services within the Division.

Abbie Chalupnik on behalf of Lori Follett: In the 82nd legislative session, SB191 directed Nevada Medicaid to expand services to individuals up to age 27. This service was expanded to all Medicaid eligible individuals. The policy and state

plan have an effective date of 4/1/2024. The State Plan was approved by the Centers for Medicare, Medicaid Services, CMS in July 2024 and is currently scheduled for a third public workshop this fall to discuss activities of daily living. The first update clarified the language to policy for service limitations, testing and diagnostics, diagnosis requirements.

The second update will clarify the use of activities of daily living with the ABA Therapy Delivery Model. The public hearing information will post soon and can be found at:

[PublicNotices \(nv.gov\)](https://www.nv.gov/public-notices)

Steven Cohen: The Bills that were submitted to Abbie for consideration for the Commission:
