- Ralph Sacrison, Linda Thank you very much, I was delighted to see that analysis of the surveys. And Corey Nguyen yes, it's about time to contact the subcommittee and I would tend to think earlier the better because there's always going to be something that takes more time. On my business side and Professional involvement sides which is all engineering, mining, geology, nonsense. Once you start getting involved with Legislative Council Bureau and whatnot and everything else its really better to have your muck cars loaded up before you approach them. Thank you very much for this meeting.
