A. Review of By-Laws, Mission, and Vision

- a. All these items were provided in the meeting materials, the Commissions role is to help us look at ways to avoid duplication of services between public and private in Nevada. Our mission is to facilitate and enhance the quality of life and services for all Nevadan seniors through partnership with Aging and Disability Services Division and other entities and the vision is to become a visible and informed organization.

B. Administrators Report

- a. We had a very good legislative session and were able to get rate increases and pay increases. We have had some staff changes, Erika Garcia is our new executive assistant, Miles Terrasas is our Public Information Officer and Legislative Liaison, Ellen Crecellius is our new deputy administrator over administration, Nikki Haag is our community engagement manager, and we have three new regional coordinators, Autumn Blattman, Lori Lutu, and Kelcy Meyer.

C. Commission Vacancies and SB43 changes to membership

- a. We have struggled in the past to get a member of a governing body of a city and county, so those seats are usually vacant, so SB43 allows us to open it up to any officer or employee of a county or city government to those seats.
- b. AB119 that was our vulnerable person fatality review was passed. The state now will be implementing and creating a review committee to look at the death of seniors and vulnerable persons from a root cause analysis, purpose trying to identify ways we could get upstream and prevent that death.

expenses and the cost of providing service and it reduces the amount of hours families can use the vouchers for.
