

Director's/ Chair Report

January 14, 2020

General Updates

- **Legislative Webinar**

The Commission held their first workshop on December 9th, 2020. Overall, the webinar had a great turnout with 24 participants. Members of the community provided the following feedback:

- 66% rated the workshop very helpful
- 66% reported they are very confident in participating in the upcoming legislative session
- 66% reported they are extremely likely to attend a similar event in the future
- 78% reported the event met their accessibility needs
- 67% reported they currently live in the southern region and 22% reported living in the northern region

- **Healthcare brochure/ Communication card update**

2500 copies of the Communication Card have been printed, laminated, and ready for distribution. The community can request a card be sent to them via our online form. Distribution plan for the healthcare brochure has yet to be determined, if you have any contacts of local healthcare providers please send them to Khianti

- **NV COVID 19 Playbook**

Khianti partnered with other disability partners to make COVID vaccine recommendations on behalf of vulnerable populations to the administrator of the NV Department of Health and Human Services. The recommendations were received and will be noted in the most recent version of the NV COVID-19 Playbook.

- **DETER**

Khianti recently had a meeting with DETER to discuss needs re: PUA access. A letter is no longer needed, and Laura has now been trained on the system to assist with providing services to the community. Additionally, Khianti has been working with DETER to address accessibility issues on their website.
