

Dear

You are invited to participate in a wonderful marketing and philanthropic opportunity! Nevada Hands & Voices, in collaboration with the Nevada Commission for Persons who are Deaf and Hard of Hearing, is hosting Deaf Day at the Legislature on April 10, 2023. We are hoping that you will contribute to the success of the event by providing an in-kind donation.

Your gift will enable us to allow Deaf/Hard of Hearing individuals and their families to travel to Carson City and raise awareness of the unique needs of this community. While there, self-advocates will be able to learn more about the Nevada Legislative process, meet with key policy makers/Legislators, sit on the Assembly and Senate floor, witness testimony on key issues, and explore Legislative grounds. While the Deaf Commission of Persons who are Deaf and Hard of Hearing serves all ages, Nevada Hands & Voices is a family-based, non-profit organization which supports, encourages, and educates families of Deaf and Hard of Hearing (DHH) children ages birth-22 years old, so that they can be empowered to make choices that will enable their children to achieve their full potential. Contributing to this event will help allow the next generation of self-advocates be able to learn first-hand how to make a difference in the world.

By participating, you will align yourself with an important cause that affects many in our community and you will increase your visibility and exposure in our community. Donations will be **recognized in flyers and on tshirts**. Our goal is to send families to Carson City to be able to **"have their voices be heard"** and your generous contribution will help us meet this goal. One of our organizing members will follow up with you shortly with the in-kind donations needed. Thank you in advance for your consideration in becoming part of the effort.
