- Dr Felicia Rutledge this weekend my company Felicia Rutledge consulting will be hosting an event Innovators of the Galaxy AB designed workshop specifically to think about what we want, what we envision the future of Nevada being and that specifically relates to our youth and our adults who are Deaf and Hard of Hearing, our individuals who are Deaf allies who support us, because we know often when we're developing futures, individuals who are Deaf or Hard of Hearing or differently abled are often side lined from those state and national plans. So, for August 3rd and 4th we'll be hosting an event in the South at 701 East Bridger Avenue, unit 750, Las Vegas, NV 89101 from 10:00 AM – 4:00 PM. This is a time where we come together, we design, we envision, what that future will look like so that we can create just and equitable thriving futures and really take some time to reflect on our unique roles as leasers in Nevada. This will also help us push forward policy, recommendations, as well as leading from the seats we're in. It is an opportunity for one, you to gain valuable strategies to connect with self, for us to sit in community and vision together, creatively design and co-create for changes and we're open to RSVPs at this moment.
8. **Adjournment: 5:17 PM**
