<p>Meeting Summary: Eric reported on a meeting that occurred between members of the Deaf Commission and the leadership of the Office of Inclusive Education in the Nevada Department of Education. One outcome of that meeting was a suggestion that a task force, perhaps similar to the adhoc SB203 (Lead-K) subcommittee of the Special Education Advisory Committee (SEAC), be convened to address the wide-ranging complaints about deaf education that the Commission received during its townhall events.</p> <p>A draft letter to the Nevada Part C office, which oversees early intervention services, was discussed. The letter refers to the data published by the Part C office showing poor outcomes for deaf and hard of hearing children under 6 years old in communication, cognitive, and social emotional outcomes, which have persisted through the three years of available published data. The letter requests a dialog with the Commission on steps to mitigate these poor outcomes.</p>
