2. **Public Comment:**

- Catherine Nielsen wanted to let us know that on the evening of March 3rd in the Reno area they are viewing a live screening of the film our world in our words, and it does include Beth Jones's daughter Alexis Jones in that movie. So, if you're in the area we would love you to join us, it's starting at about 5:00 pm at the Reno automobile museum on March 3rd and there will be registration going around soon that we'll make sure to send to the commission as well. Thank you.
- Eric read a comment received via email: Shelly Freed on behalf of the deaf community we are asking to see if the Commission for the Deaf could so a newsletter to simplify the information that we've posted on the ADSD and the Deaf Commission websites. I feel that they're not communicated that

the community is not being communicated to on what's going on with the commission and the actions that have been made preferably this would be in ASL if possible. If not, then simplified English would be fine for the time being. That is one public comment which we'll take into consideration.

- Shelly Freed on the Olmstead Plan. I see that Eli Schwartz was seated on the Olmstead committee. I don't see any feedback or having Deaf or hard of hearing participants in the surveys or such or any representation on behalf of our community in the Olmstead Plan. I'm sending this email to request why or why not is the Deaf community not being informed or participating in the feedback on the Olmstead Plan. We the Deaf community would appreciate if we shared informed or participated in the designing of the Olmstead Plan.
- Eric Wilcox, I don't think we can have a discussion of that item in public comment period, but we'll take that into advisement and draft a communication to the community about Deaf representation in the Olmstead Plan.

3. **For Possible Action:** Approval of Minutes of November 13, 2024, meeting.

- Laura Fussell made a motion to approve the minutes as written, Eli Schwartz seconded, motion carried.

4. **For Discussion Only:** Follow-up from Aging and Disability Services (ADSD) regarding accommodation and find out why we have open seats still in response to Eli Schwartz Request.

- As far as the open seats are concerned Rique Robb and Obioma Officer have been in contact with the person at the Governors office that oversees the application process, and they reported that they will be speaking to the Governor about the application process this week so we are hopeful that we will soon see some of those vacant seats filled. We do have applications for many of the seats and they are going through the process.
- When it came to the budget Dena did try to find some ARPA dollars for the accommodation but as we're in a flat budget she was not able to do that at this time, unfortunately there is no funding in the full budget for accommodation. However, the Governor's budget does have about \$7,000 increase for the Commission's overall budget that could be used for accommodations.
- Eric Wilcox did mention that the State does have interpreters on the payroll and they could be interpreting the meetings for us at no cost to the state or the commission but that they consider that a conflict of interest and we disagree with that as we should be able to discuss the CAS team without it being a conflict but that is a continuing discussion and something we will have to agree to disagree about for now.

5. **For Discussion Only:** Introduction to State Innovation Exchange (SiX) and collaborative efforts for legislative education for the 83rd Session of Nevada Legislature.

- Stacy Shinn is the Nevada state director for State Innovation Exchange (SiX) which is a national nonprofit organization that serves progressive state legislators, and they do that by, for and with the people. She spends half her time building relationships with state legislators. Their strengths, what they need support on and their passions to connect them to the community. The other half of the time is in partnership with the community, via coalitions, meetings with partners, and impacted folks on the ground so she knows how best to connect them to legislators. She helps train people how to go to Carson City, to lobby, how to testify, how to get a bill sponsor, and how to get your bill passed. We have two bills with sponsors Assemblymember Tracy Brown-May (our disability community champion) and Assemblymember Erica Roth. We had a webinar with nine of our legislators, where we discussed the problems and then how to solve them with these pieces of legislation.
- Moving forward Stacy would like to do a lobbying 101 training prior to Deaf Day so folks understand what to expect when they get to Carson. She can help set up 1:1 meeting with legislators for those who wish to speak directly to them.
